

INDORSES THE LAW

TEMPERANCE CONVENTION ALSO
INDORSES MORRILL

Not All, Neither, But the Majority of Them, While the Ultra-Prohibition Minority Ties in a Report Expressing the Greatest Dislike With the Governor's Neither-Fish-Nor-Fowl Administration on Prohibition—Resolutions Indorse the Metropolitan Police Law—Other Resolutions.

Topeka, Kan., March 4.—(Special.)—An effort was made to denounce Governor Morrill in the Temperance convention this afternoon but the resolution was tabled after a hard fight on the part of the opponents of the administration. The resolutions adopted by the convention reaffirm loyalty to constitutional prohibition and denounce the saloon as an institution founded for the culture of vice and the promotion of crime, and the liquor dealers as the chief of criminals and one who promotes social evils, abuses wives, starves children, pauperizes the community, ruins and debauches the police, and is a perpetual and frightful menace to good government. The resolution declared that the prohibition law can be enforced by faithful officers.

The resolutions re-affirm approval of the metropolitan police law; favor such legislation as will make police commissioners independent of local authorities for financial support; call upon the members of congress to support legislation looking to state control of the liquor traffic; demand of all political parties that their candidates for all offices concerned in the legislation and enforcement of law, clearly and unequivocally pledge themselves to support the prohibition amendment and exhaust all constitutional power to make it completely effective and the framers pledge themselves to vote for no candidates who refuse to do this.

The resolution denouncing the governor, which was tabled, follows: "Resolved, That prohibition is the only means by which to destroy or restrict the public drinking places and that the public utterances and acts of the chief executive of the state encouraging violation of the law and nullifying the just sentences of the court under it, prove him unworthy of a re-nomination or re-election and his re-nomination would be a declaration of war on prohibition."

WHO KNOWS "THE TRAMP"

Inquirer Wants to Learn More of a Remarkable Character.

Belle Plaine, Kan., March 4.—(Special.)—To the Editor of the Eagle.—Can you inform your readers who the tramp preacher from Chickasaw is? There is a man lecturing in this county (Sumner and Cowley counties, and also in Oklahoma), who is attracting a good deal of attention. He is said to be a man of very ordinary and unassuming appearance. But to hear him lecture the second time his audience is held as if entranced. His originality of style and his thorough knowledge of his subjects, his illustrations, his depth of thought, contrasted with his appearance and his "rattle" constitute him a wonder, fitted to excite the public mind. The subjects of his lectures appear to be generally on "The Natural History of Adam," "The Regeneration," "The Signs of the Times," and "The Book of Revelations," as related to the Bible. From what is told, he is certainly a grand teacher and the people would like to know more about him. W. HAMILTON, Of Cowley, Mo.

MARVELOUS RESULTS

From a letter written by Rev. J. Gundersen, of Diamond, Mich., we are permitted to make this extract: "I have no hesitation in recommending Dr. King's New Discovery, the results were almost marvelous in the case of my wife. While I was pastor of the Baptist church at River Junction she was brought down with a terrible case of coughing would last hours with little interruption and it seemed as if she could not survive them. A friend recommended Dr. King's New Discovery; it was quick in its work and highly satisfactory in results." Trial bottles free at Geo. Van Wender's Pharmacy, 228 N. Main street and G. Gehring's drug store, northeast corner Topeka and Douglas avenues. Regular size 50c and \$1.00.

CITY IN BRIEF.

James Stewart of Derby was in town yesterday.

Newt Bridgeman is in Topeka on official business.

J. K. Foster of Joplin, Mo., is registered at the Carey hotel.

J. M. Morris of Marion county was yesterday on legal business.

John W. Moffit of El Reno was among the visitors in the city yesterday.

John Shaw of Kingman was among the visitors in the city yesterday.

John Adams is visiting Chicago where he has some business to transact.

Miss Mary Mills of Wellington attended the opera house last night with Wichita friends.

Roy Hoffman, assistant United States district attorney for Oklahoma is here on legal business.

Al. Musselman who has been physical director of the Y. M. C. A. has resigned that position.

It was reported yesterday again that the residents of Atchison township had taken a turn for the worse.

Miss Belle Hirsch will give an informal entertainment this evening for friends from Cleveland and Lawrence.

Mrs. J. M. Berry had the misfortune of losing her pocketbook yesterday, containing some valuable papers.

The Rock Island train going south last night was late owing to heavy snow between here and St. Joseph.

The Edwards estate is causing excitement among the local heirs again. There are three of them in Wichita.

County Clerk A. M. Denny tells some mighty interesting stories of the recent visit of the A. O. U. W. to Leavenworth.

W. E. Stanley returned home from Newkirk last night where he has been engaged in trying an important law suit.

The Welles Circle of King's Daughters will meet Thursday at 2:35 at the Misses Shryver, 1939 North Lawrence avenue.

Harvey Nelson of Pond Creek is in town. He says there is no necessity for seeking aid for the people of Grant county this year.

There is a great deal of speculation about the organization of the county convention today. A scrap on the selection of a temporary chairman is expected.

The ladies of St. Paul's M. E. church will give a supper Friday evening, March 6, at the home of Mrs. E. H. Anawalt, 1109 North Topeka avenue. Everyone invited.

Mr. A. C. Singleton who has had charge of the Singer agency in this city has been transferred to Fort Scott, where he occupies a similar position. Mr. Singleton is a first class citizen and his departure is a matter of regret.

Mr. Bert McCausland manager of the Wells-Fargo company favored this office yesterday with a tabular statement of the mineral products of the west, which is highly entertaining to students of the mineral wealth of this country.

The damage case of J. T. Tuell against Dr. Robert Burns of Valley Center was tried in the district court yesterday.

Tuell sued the doctor for malpractice in sitting a dislocated arm and asks \$5,000 damages. The case is being tried before a jury.

We announce with pleasure that Mr. Robert Dennis, formerly connected with the Democrat, who has been for some time in the employ of the Santa Fe at Raton, New Mexico, is now located at Wichita, with a handsome increase of salary.

An electric wire broke near the Carey last night leaving all of the hotel except the office in complete darkness. Besides the inconvenience to the hotel the collapse of the wire made things more dangerous for nearly an hour before it was fixed.

Officer Haines discovered a crate of wooden butter dishes in an alley last night and the owners can have the same by calling at the police station.

The outside of the crate is marked "Windsor Grocery" and it is thought that they were taken from a car.

There is quite a newspaper change in Newton. Mr. Kuntz has sold the Newton Herald and the Herald has been discontinued altogether and the Kansan gets H. L. Taylor of this city to succeed Phil Knowlton at the helm.

One of the features of the parade yesterday was the music furnished by the Second Regiment band, which provided considerable comment. It is without doubt the foremost military band in the state and deserves much more encouragement than it receives.

Mr. O. D. Sumption returned from Kansas City where he was until Saturday employed in a wholesale dry goods house. He will continue the business of his father, G. W. Sumption, who has died. His home will be open to his friends at 343 South Lawrence avenue.

County Commissioner Webb has developed into a post of more than ordinary ability. The Eagle reporter who had him in his clutches yesterday in judgment on his effusions but the boys in the county clerk's office say that his parody on Sweet Violets is finer poetry than Homer ever wrote in his day and a little better than Virgil.

In the current number of the New Woman's Magazine, a delightfully executed and artistically illustrated periodical, issued from New York City, a pretty domestic story from the pen of Zoe Anderson Norris, of this city is given. It is a romance of studio life, full of high lights and interesting situations ending in a pleasing denouement.

W. N. D. Bird inspector for the United States live stock bureau for Southern Kansas, has received notice that the quarantine line for Arkansas, Oklahoma and Texas has been placed where it was in 1895. This will be good news for the cattlemen of Oklahoma and will be a great benefit to the Wichita market, as the new quarantine line was a great hardship for them.

Fred Mostellar had a preliminary examination before Justice Walker yesterday on the charge of bastardy, preferred by Edith Wilson. He was sent to the county jail in default of \$300 bond. There is good reason to believe that Mostellar will make a reparation by wedding the girl who is but eighteen years of age though her relatives as well as his are opposed to a marriage.

W. W. Walter city marshal of Cheney brought J. Phillips to the county jail yesterday. Mr. Phillips was convicted before the police judge of Cheney of being drunk while in the village contrary to the statutes in such cases made and provided and was sentenced to pay a fine of \$50 and the accrued costs. Mr. Walter says that Cheney is a mighty poor place for a bootlegger as he always gets caught.

The Arkansas City Traveler in speaking of Wichita citizens being kickers from away back, gives this instance of proof: "Wichita people are queer. Some of the members of the Union church there have made a kick because the man who passes the basket for contributions didn't give them a chance to chip in. We believe that is the first instance on record where any one kicked because they didn't get a chance to help pay the freight."

Rev. W. B. Bradshaw of Hiawatha, Kansas, one of the most prominent Baptist ministers in the west, will supply the pulpit of the First Baptist church at Y. M. C. A. auditorium next Sabbath, both morning and evening.

Mr. Bradshaw will arrive in the city next Thursday morning and will lead the Prayer meeting at the Association building Thursday evening. It is desired that notice of these services be extended as widely as possible and that they be well attended by the members of the church and congregation.

COMING LOCAL EVENTS.

Matinee of "Little Nell's Surprise Party, or Hunt the Thimble" will be given at the Crawford Grand Saturday 7th inst. at 2 o'clock, p. m. Admission 10 cents, any part of the house.

The W. R. C. want the members and executive committee to meet at Mrs. Mrs. Little's 312 North Water street at 2:30 to finish arrangements for dinner and supper for the visiting delegates to the Republican convention and other business. Mrs. M. E. Little.

GUN THAT KILLED WOOD

It is Now on Exhibition in a Wichita Undertaking Establishment.

There was a gruesome exhibit in Dunbar's undertaking establishment at 12 W. Pittsburg street—our Sousa is the gun that killed the victim of Sam Wood in Stevens county. It is a vicious looking thing from handle to muzzle. When Jim Brennan, the slayer of Sam Wood, was captured somebody stole it from him with the intention of selling it on stolen and re-stolen from fellows until finally it was stolen by a Wichita man who, on a threat that he would be prosecuted, gave it up to Ben Reynolds, the policeman on North Main street.

MUSIC AND DRAMA.

SOUSA AS A CONDUCTOR.

John Philip Sousa, the great band leader of the United States—our Sousa is the creator of the standard marches of every band in the country, needs no eulogy. His work speaks for itself. It is full of vim, snap, nerve and dash, and his orchestra plays with the desirable quality—so marked by his non-existence—which for lack of a better name one might call "tinger."

He was born to conduct and to see his band and his one might fancy also that he was born with a baton in his hand, and his band in front of him. One very noticeable feature of Mr. Sousa's conducting is his grace and ease. His pose is never rigid but always easy, and the movement of his arms does not detract from the effect of the music as in the case of those conductors whose arms move like a windmill.

A Sousa program includes numbers representing the classical and the popular schools of composition and as much attention is given to the playing of the lighter selection as is bestowed upon the work of Wagner and Liszt. This is one of the secrets of the success of the organization under its magnetic leader. Every number of every program is played for its full effect and the full effect of the band arrangement by Sousa of almost every kind of a composition means something striking, something bound to catch the ear of the auditor whose knowledge of music is limited to consciousness that melody pleases him and something that compels the only test of the educated musician. It is a spectacular music that the band makes and that is one reason why crowds go to the concert. But these effects are not produced in a way to offend the genuine musician, and Sousa is artistic and popular at the same time.

BREEZY TIME.

"A Breezy Time" will be the next attraction at the Crawford Grand on Friday.

As a direct refutation of the statement that farce comedies are dead, here comes "A Breezy Time." It is an out-and-out farce comedy, put together simply and solely for the purpose of making as much laughter as possible and laughing altogether out of the question the rise and fall of the American drama. The place has more potency than the most comic surprise than counter-plot, and more catchy music than ingeniously worked-up situations, but to use American language, it goes. It is a comedy of the educated musician. It is a spectacular music that the band makes and that is one reason why crowds go to the concert. But these effects are not produced in a way to offend the genuine musician, and Sousa is artistic and popular at the same time.

ELECTRIC BITTERS.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. It is a tonic and alterative medicine has often averted long and perhaps fatal fevers. No medicine will act more surely in counteracting and freeing the system from the malarial poison. Headache, indigestion, constipation, dizziness, yield to Electric Bitters. 50c and \$1.00 per bottle at Geo. Van Wender's Pharmacy, 228 N. Main street and G. Gehring's drug store, northeast corner Topeka and Douglas avenues.

Republican City Committee Meeting.

The members of the Republican City Central committee are requested to meet at the office of H. T. Dedrick, 152 North Main street, Saturday evening, March 7, at 7:30 o'clock. All members should be present as matters pertaining to the spring campaign will be discussed. H. T. Dedrick, chairman.

Chattel Mortgage Sale.

On Saturday morning at 10 o'clock, the entire stock, machinery and fixtures of the L. M. Cox Candy factory will be sold at auction under a chattel mortgage, to the highest bidder.

For information regarding sale, write to C. V. Phillips, 94-34.

TEMPER OF THE FINANCIAL COMMUNITY MORE CHEERFUL.

Cuban Scare is Losing its Power as an Influence on the Stock Market—Some Commission Orders Mingle With the Dealings—Better Prices for Americans in London—News Nearly Absent Except for Some Encouraging Railroad Earnings Exhibits—Bonds Decidedly Strong in Sympathy With Shares.

New York, March 4.—Trading in the stocks today was in about the same volume as yesterday. The market appeared to have cut away from the influence of the Cuban imbroglio. The greater part of the business was for account of professionals, but there was also a little leavening of commission orders. The temper of the financial community was more cheerful than at any time since the introduction of the Cuban belligerency resolutions. London lent some support and covering by the traders was quite the order of the day. There was a marked absence of news having a legitimate bearing upon prices, aside from the encouraging exhibits of February gross earnings, including those of St. Paul. The company mentioned shows an increase of 47.8 per cent, and a further degree of strength was imparted by reassuring cables of London prices for Americans and some buying of the international shares here. It has become the fashion with the traders to mark time upon London, owing to the absence of outside interests in the market. The upward movement was checked for a brief interval by an attack on Burlington which caused a drop of 1 1/2 per cent in that stock. The selling was again attributed to the unsatisfactory character of the January report published Monday. Other stocks lost substantial fractions in a few cases, but the upward movement was soon resumed with renewed vigor. General Electric was especially strong, gaining 1 1/2 per cent on gas of expected favorable development. Sugar advanced 1/2 per cent on purchases by interests that were heavy sellers last week on the Cuban scare. Tobacco moved irregularly within a range of a point, and was sustained by covering of shorts. Leather preferred was exceptionally weak on further liquidation of Boston holdings. In the railway list gains were noted in a number of the active stocks, ranging from 1/16 to 1/8 per cent. The market received a slight set-back around delivery hour on the execution of realizing orders. The reaction was of only momentary duration, however, and in the further rally the coalers assumed prominence. Delaware and Hudson rose 1/4 per cent, New Jersey Central 1/8 per cent, Lacawana 1/8 per cent. The closing was quiet, but strong in tone, about the best feature of the day.

The total sales of stocks today were \$7,000,000, including: American Tobacco 2,500; American Sugar 2,000; Burlington and Quincy 2,500; Baltimore and Ohio 2,000; General Electric 1,500; Louisville and Nashville 1,500; Missouri Pacific 1,500; Northern Pacific 1,500; Rock Island 5,000; St. Paul 2,500; Tennessee Coal and Iron 1,500; Union Pacific 1,500; Western Union 1,500; W. & A. E. 3,400.

The bond market developed decided strength in sympathy with the improvement in the share trading. The volume of business was also an increased scale. The Northern Pacific issues were the features and exhibited marked strength on anticipation of important favorable developments in the near future in relation to reorganization. Texas Pacific issues advanced sharply on speculative buying. The aggregate sales were \$1,964,000.

Government issues sagged slightly in the early dealing, but subsided, and were mostly sold at a profit. The total transactions were \$137,000.
